## About...

Since 2003, Dr. Barbra Angel's Tune&Heal Cellular Resonance Therapy has alleviated illnesses and healed people worldwide. Resonance and vibration can transform blocked or even damaged cells to their healthy states. There are more than 250 uses for this therapy including:

- Reproductive/hormonal issues
- Cancer: Body-Mind-Spirit Healing
- Rejuvenation, anti-aging
- Extreme Relaxation

This European Union accredited healing method and its techniques are available through a 4-Part Certification Training Course. After completion, you may become a *Cellular Resonance Practitioner*. The 4-Part Certification Training Course covers three basic areas: 1) Fundamentals; 2) Practice; 3) Theory.

All training sessions are infused with one goal – to allow attendees to help heal themselves and heal others of mental, emotional, and physical problems.

*The mechanism for healing is  
RESONANCE*

*“When two systems are oscillating at different frequencies, there is an impelling force called resonance that causes the two to transfer energy from one to another. When two similarly tuned systems vibrate at different frequencies, there is another aspect of this energy transfer called entrainment, which causes them to line up and to vibrate at the same frequency.”*

Healing with Sound*

### Certified Training Course

Part I & II

Everything in the world is a vibration. Each thing operates at its own unique frequency to maintain balance and stability. If the frequency of an organ or emotion is too high or too low it is out of balance, there is disease. The Tune & Heal method uses RESONANCE together with power of the Five Elements, energy centers and the five senses of human being to restore the organ or emotion to its proper frequency. It creates *resonance* with the vibration of sound (voice, music, tuning forks) to heal the human body, mind and spirit simultaneously. Recent findings now embrace resonance and vibration as the next leap in quantum physics and human development.

# Tuning Forks

## Tuning Forks

During the 4-Part Certification Training Course, attendees will have access to all 11 sets of Tune & Heal Tuning Forks, specifically created for Cellular Resonance Therapy. These tuning forks have been designed and manufactured using special alloys and manufacturing processes which provide for the precise vibrations needed to bring human cells back to their healthy state. They are available for purchase during seminar.

Most students start with a few sets of tuning forks and then, as their practice grows, they add to their collection to help heal themselves and their clients.
